One of the plots in Fig. 2 of our previous Letter [Opt. Lett. **36**, 289 (2011)] was mislabeled with an incorrect parameter value and is corrected here.   © 2011 Optical Society of America

In our recently published Letter [1], the third plot in Fig. 2 was incorrectly labeled. The parameter value used to generate that plot was $f_1 = 0.5$, not $f_1 = 0.05$. A corrected version of the figure is included (Fig. 1).
